

DHOA ADJACENT HOMEOWNER CONCURRENCE FORM

To the Homeowner making the proposed addition or alteration:

Please show the adjacent homeowner (or homeowners) affected by your addition or alteration the same plans and specifications that you intend to submit to the Architectural Control Committee. For example, if you are building a deck, the affected neighbors are those that share a common property boundary with you; if you are building a fence, the affected neighbors are those that share a property boundary with you on which the fence will be built. Thus, the number of signatures you need will vary depending on your proposal.

To the adjacent Homeowner:

Please review the proposed plans and specifications your neighbor intends to submit to the Architectural Control Committee. Depending on whether you object or do not object to the plans and specifications, please check the appropriate space below.

=====

"I have reviewed the plans and specifications to be submitted to the DHOA Architectural Control Committee by my neighbor. I have indicated my position regarding this proposal in the space below."

I object to the proposal _____ I don't object to the proposal _____

Article VI of the DHOA Declaration of Covenants, Conditions and Restrictions states, in part, as follows:

"No building, fence, wall or other structure shall be commenced, erected or maintained upon the Property, nor shall any exterior addition to or change or alteration therein be made (including change in color) until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing as to harmony of external design appearance, and location in relation to surrounding structures and topography, by the Board of Directors or by an architectural committee appointed by the Board."
